Education

University of Cambridge — **Cambridge, UK**
M.Phil. in Advanced Computer Science — Oct. 2026 – Jul. 2027

Beijing University of Posts and Telecommunications — **Beijing, China**
B.Eng. in Computer Science and Technology — Sep. 2022 – Jun. 2026

Internship / Research Experience

Institute of Automation, Chinese Academy of Sciences — **Beijing, China**
Research Intern at MAIS (State Key Lab of Multimodal AI Systems) — Jun. 2023 – Jun. 2026

- Conducted research on LLM knowledge mechanisms, memory updating, and hazardous-knowledge unlearning. Supervised by Prof. Shu Wu and Dr. Mengqi Zhang.

Selected Awards & Honors

2026 Outstanding Graduate, Beijing University of Posts and Telecommunications
2025 CCF (China Computer Federation) Elite Collegiate Award
2023 Silver Medal, International Collegiate Programming Contest (ICPC), Asia Regional Contest
2023 National Silver Medal, China Collegiate Programming Contest (CCPC)
2023 National First Prize, National English Competition for College Students (Final)
2023 National Individual Third Prize, CCCC-GPLT Group Programming Ladder Tournament National Final
2023 Merit Student, Beijing University of Posts and Telecommunications

Professional Service

Conference Reviewer ICML 2026, NeurIPS 2026, ACL Rolling Review, AAAI 2027 (Main Track & Alignment Track)

Skills

- **Programming:** Experienced in Python, C++ and C; experienced in development on Linux servers and Unix-like environments; extensive competitive programming experience. Familiar with vibe coding.
- **Machine Learning:** Familiar with PyTorch and NumPy, as well as common frameworks such as LangChain and LangGraph; deep understanding of theories and methods in machine learning and large language models, especially on LLM interpretability and knowledge mechanisms. Familiar with agent-related directions and common concepts across LLM subfields.
- **English Proficiency:** TOEFL BestScore 112 (R 29, L 30, S 25, W 28). Strong academic English reading and writing ability.
